Twelve years carrying a number, from spinal implants in the operating room to aerospace and defense manufacturing. Most recently **VP, Sales & Marketing at BoldX Industries**, where I rebuilt the brand from the bible up and built the revenue systems behind the pipeline. **Available now** for a VP Sales & Marketing or CRO seat at a $5M–$150M industrial or B2B company, or a fractional operator engagement.

The record

BoldX Industries · VP, Sales & Marketing — 2025 – 2026

- Rebuilt the brand from the bible up: strategy and identity (Jan 2025), guidelines, personas, a 32-page catalog (Oct 2025), the 12-month marketing plan and the 2026–2028 sales strategy for a hermetic-connector and precision-machining manufacturer.
- Built the revenue systems: a quote-to-HubSpot app, an ERP orders dashboard and weekly pipeline reporting. $11.6M quoted and 147 deals closed-won, Jan–Aug 2026.
- Launched three product lines (Murphy AMPI handcuff, Smart Ladder, InEX) and built americanlaborladders.com. Shipped an AI sales-intelligence agent on Claude, a weekly reel system and four long-form articles. Took the company to PBExpo 2026.

Revscale AI · Growth Lead — 2024 – 2025

- Led growth at an AI revenue platform: channel partner programs, 50% month-over-month revenue growth, and the go-to-market playbook for AI-driven sales automation.

Comprehensive MD · Digital Marketing Strategist — 2022 – 2024

- Overhauled digital marketing for a neurosurgical and pain group: automated email sequences, HubSpot integrations and social, for a 97% lift in patient engagement.

Wellie · Co-Founder — 2020 – 2022

- Co-founded a wellness platform from zero: raised $250K seed, shipped the MVP, recruited the founding team.

Digital Medical Tech · Business Development Manager — 2016 – 2020

- Built the outbound pipeline from scratch for a Techstars healthtech startup; closed six-figure enterprise contracts; 40% revenue growth in two years.

Stryker · Sales Representative — 2014 – 2016

- Sold spinal implant systems in the operating room; multi-million-dollar territory; 122% to quota.
